## COOLANTS

Nextion Coolant is universal engine coolant suitable for all kind of vehicles. It is suitable for use in the coolant system in all petrol, gasoline and diesel engines. Nextion coolant provides protection for a wide range of metals prolonging the life of your radiator, pumps, the block itself and the entire engine cooling system.

- Recommended for all types of automotive vehicles.

Desired performance can be obtained with one part of the fluid is diluted with two parts of distilled water.

### APPLICATIONS/BENEFITS:

- Does not boil and vaporizer in the hottest summer of freeze in severe winter.
- Prevent corrosion of radiator coolant and other parts.
- Increase cooling efficiency.
- Reduces maintenance cost and increase radiator life.
- Universal antifreeze/coolant.
- Excellent corrosion protection on cast iron.
